RESUME

C. STANLEY RUNYAN, Principal, AIA, NCARB

C. Stanley Runyan formed RUNYAN & ASSOCIATES ARCHITECTS to provide architectural and urban design services in 1988. An award winning designer, he is also an experienced project manager. His professional architectural experience encompasses more than 30 years in the design of major renovations and new construction and in the adaptive reuse of historic structures.

Mr. Runyan has previously been associated with internationally prominent architectural firms in Philadelphia and San Francisco. Mr. Runyan's recognized design skills are combined with broad-based project management and construction administration experience. He approaches each project based on its own opportunities and context and is committed to client service and design excellence.
